**Statement Regarding Rice Protein and Melamine**

Due to the discovery of melamine contamination in some rice protein, we had our Rice Protein tested by an independent laboratory. Following is a copy of the recent lab test. Our Rice Protein was tested down to 0.5 parts per million, which is the lowest possible testing available, with none detected.

NutriBiotic is not under investigation by the FDA. We chose to test our Rice Protein for consumer confidence—to assure our customers that our Rice Protein is free of melamine.

We have many customers with severe allergies who use our Rice Protein, and we understand the importance of making a very clean, pure product. NutriBiotic has been the leader in the distribution of enzymatically processed Rice Protein for over 20 years. We remain committed to providing the best quality Rice Protein and nutritional products available. Good health is our top priority.

Eurofins Sample Code: 464-2008-10070444  
Sample Description: Rice Protein Powder  
Client Sample Code: Lot# 25408-2 EXP 09/2011  
PO Number: 10608-001  
Client Code: QD0002493Reporting Date: 10/14/2008  
Entry Date: 10/07/2008
